Alcobendas, 7 August 2026

Pursuant to the provisions in article 227 of Law 6/2023, of 17 March, on the Spanish Securities Markets and Investment Services (Ley 6/2023, de 17 de marzo, de los Mercados de Valores y de los Servicios de Inversión), Indra Sistemas, S.A. (the "**Company**" or "**Indra Group**") notifies the following

OTHER RELEVANT INFORMATION

The Company hereby informs that the negotiation process between the SpaceRISE consortium - comprising Eutelsat, Hispasat, S.A. (in which Indra Group holds an 89.68% stake) and SES - with the European Commission and the European Space Agency has been concluded for the purpose of launching the IRIS² constellation, as well as the development and deployment plan for the European secure satellite communications system, which is expected to enter into service in 2030.

Within the framework of this agreement, Hispasat, S.A. has been appointed as the prime contractor for the antenna infrastructure, control systems and ground network interconnection, with an allocated budget exceeding €1,600 million. This space programme shall constitute the largest and most complex programme ever developed in Europe, marking the first time a Spanish company has assumed the lead role in a major European space project.

Furthermore, Hispasat, S.A. shall lead the development of the Very Low Earth Orbit (Low LEO) layer, focused on direct-to-device mobile connectivity and IoT services and shall commit up to €600 million to secure access to satellite communications in non-geostationary orbits in regions of high strategic value for both commercial and defence applications.

The IRIS² programme, which constitutes a flagship project of the European Union structured under a public-private partnership model, envisages a combined investment of up to €4,000 million by the members of SpaceRISE, complemented by public funds from the European Commission, the Member States of the European Union and the European Space Agency, reaching a total investment of €15,600 million.

The foregoing is announced to all appropriate effects.

José María de Paz Arias
Secretary of the Board of Directors
